WESLEYAN UNIVERSITY.

INAUGURATION OF THE NEW PRESIDENT.

The fact that Wesleyan University, the oldest Methodist Episcopal college in the United States, has just received its sixth President is a significant indication of the rapid growth of that Church in the United States. The University, which was founded in 1831 and which graduated its forty-third class in June last, is in the fullest tide of success, its numbers larger than ever before and its appliances in better condition for the fulfillment of its work among the young men of the land.

THE NEW PRESIDENT.

The Rev. Cyrus D. Foss, D. D., the newly elected President of Wesleyan University, although comparatively a young man, is regarded as one of the ablest divines in the New York Conference. He was born in Kingston, N. Y., January 17, 1834, and at an early age was graduated with the highest honors of his class at the university over which he is soon to preside. In 1854-55 he was teacher of mathematics in Amenia Seminary; and in 1856, at the age of twenty two was elected Principal of that institution. In 1857 he united with the New York Conference and entered the itinerancy, his first appointment being at Chester, where he preached for two years. Thence, in 1859, he was transferred to the New York East Conference, and successively filled for two years each, the pastorate of Fleet street, Hanson place, and South Fifth street churches, Brooklyn. In 1865 he was transferred back to the New York Conference, and was stationed for the full pastoral term of three years at St. Paul's Church, New York, then for three years at Trinity, and then again for three years at St. Paul's. He spent a part of 1867 traveling in Europe. In 1870 Wesleyan University conferred upon him the degree of Doctor of Divinity, and in 1872 he represented his Conference in the General Conference. His last appointment was to the pastorate of St. James Methodist Episcopal Church, Harlem.

INAUGURATION EXERCISES.

A large number of the friends of Wesleyan University assembled Wednesday afternoon Oct. 20, to witness the inaugural ceremonies of Rev. Dr. Foss, as President of the institution. An Anthem was sung by the college choir, after which prayer was offered by Dr. Porter, president of Yale college.

The inauguration services were presided over by C. C. North, President of the Trustees. The college choir sang an anthem followed by prayer and a hymn. The number of the alumni present was the largest ever witnessed in the institution. There were in attendance, besides other prominent friends of the college, Bishops James and Haven, the Rev. Drs. Whedon of Providence, Hurst of New Jersey, the Revs. S. Meredith of Springfield, Brigdon of Auburndale, Hunt of Brooklyn, the Hon. G. B. Duinborne of New York, and liberal delegations from the faculties of Yale and Trinity Colleges.

ADDRESS BY DR. CUMMINGS.

Dr. Cummings began his able address as follows: "To me has been assigned the simple duty of transferring to you the symbols of the responsible office to which you have been called, the charter, the seal and key of Wesleyan University. Having earnestly and repeatedly requested to be relieved from the office and the request having at last been granted, it is not perhaps unfitting that these symbols should pass directly from me to you." He then congratulated Dr. Foss on the favorable circumstances under which he assumed the office, and emphasized the cordial welcome that had been given his successor. He next referred at length to the enterprising spirit characterizing the present Board of Trustees and predicted, if this continued, still further glory for the University. He prayed that the President might be endowed with a double portion of the spirit of the first President, the sainted Fisk, and congratulated him on the character of his associates on the Board of Trustees and in the Executive Committee, and in fact that the drudgery heretofore attached to the office of President no longer would be a hindrance. He referred eloquently to the opportunities for Christian teaching which would sometimes occur, and took occasion to speak of the preeminently religious character of the college. Dr. Cummings then committed to him successively, the charter, the seal and keys of the University, closing his addresses as follows: I heartily wish you success and may a long and useful life be given you ere you depart for heaven, and may God now and hereafter bless Wesleyan University."

OTHER EXERCISES.

At the close of Dr. Cummings's address, the Hon. G. G. Reynolds, L. L. D., of Brooklyn, made an address in behalf of the Trustees, after which the college choir sang Keller's American Hymn. The address in behalf of the faculty was made by Professor William N. Rice, who said that the faculty had come by personal acquaintance to appreciate the ability with which Dr. Foss had entered upon his administration. A tribute was paid to the galaxy of former presidents, and the new one was hailed as worthy to succeed them. George S. Coleman of the Senior class spoke in behalf of the students, expressing their good will. The alumni were represented in a short speech by the Rev. Dr. B. K. Pierce of Boston, editor of Zion's Herald. After the rendering of the Gloria, from Mozart's 12th Mass, Dr. Foss gave his inaugural address, which was a very finished production. It touched upon all the vital principles of university education from scientific, social and religious point of view, and gave evidence of expansive judgment and experience.

EVENING ENTERTAINMENT.

Seldom did ever College building present a prettier appearance than did that of Wesleyan University Tuesday evening, Oct. 20. In each window candles were burning, and the vast number through the whole line of College buildings, presented a scene that was truly magnificent.

Upon the Campus large numbers of fire works served to make the scene still more grand.

At 7.30 P. M. a large number of the Alumni, friends and students of the University assembled in the Memorial Chapel for a social reunion. All seemed to have partaken of the same happy feeling.

Enfeebling Pursuits.

Nature intended that we should use our legs freely, and revenges herself upon those who constantly sit at their daily avocations in doors by depriving them of that robust health which usually falls to the share of those who labor on foot in the open air, and very frequently inflicts upon them, diseases and premature infirmities which they might have avoided by a more active life.—Persons who become enfeebled in consequence of sedentary habits or occupations, cannot do better than to resort to a course of Hostetter's Stomach Bitters as a means of recovering lost strength. Nor should they postpone a recourse to this supreme tonic and preventive of physical decay longer than is absolutely necessary, as weakness is too often the precursor of disease. The Bitters are also invaluable as a remedy for dyspepsia, constipation, intermittent fever, urinary and rheumatic complaints.

ROCKLAND CUSTOM HOUSE

The special agent of the Treasury Department who investigated the construction of the new government building at Rockland, where certain irregularities were reported, presented a report recently to the effect that there had been no dishonesty on the part of any person employed by the government, but recommending that a new superintendent be appointed to watch the work of the contractor on the granite at Dix Island. The late superintendent has been superseded.

We find the above in some of our exchanges. As an item prepared for the dissemination of useful knowledge, we regret to say it is of no possible value except as to the single statement that "there has been no dishonesty on the part of any person employed by the government." Coming from a source so high, and on the strength of authority so indisputable as the special agent of the Treasury Department, we can but feel gratified that this plain statement is published, to set at rest at once and forever so important a question as the honesty of government employes. As to irregularities in the Rockland Custom House, there never were any. Regarding the appointment of a new superintendent for Dix Island, Mr. Fogg, the present incumbent, is doing the work, and has not been superseded.—Rockland *Free Press*.

It was announced Friday, says the Boston *Advertiser*, that the new constitution of Nebraska contains a provision that United States Senators for that State shall hereafter be elected by a direct vote of the people. We have not a copy of the document in question at hand, but we venture to say it contains no such provision. The Constitution of the United States says: "The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof for six years;" and this must be an inconvenient obstacle for even the progressive people of Nebraska to surmount. It is very possible that the people may be allowed an informal vote to indicate their preference for a Senator, but the expression would not be binding on the Legislature, though the vote were unanimous.

Roscoe Conkling's father was for many years a prominent man in public life, and to the last he preserved a full sense of his importance. He was on one occasion present at a great public meeting where his son had entertained the delighted crowd in his usual eloquent style and an officious friend led the veteran to the front of the platform and introduced him with a great flourish as "the father of Roscoe Conkling." "My God," said the disgusted old man, "I have been United States Minister to Mexico and over twenty years a Judge of the United States Court, and now I'm known as the father of Roscoe Conkling."

This solemn note of warning to the New York Democrats comes from the Richmond *Dispatch*: "We suspect that the next President has not been named yet, and, more than ever the political grumblers of New York are warned that that State is not the world and that a State which named two Presidential candidates to be beaten will not be allowed to name the third. Gov. Tilden is a local politician of local education and habits, and he will so remain. It is the idlest thing in the world to be pressing him upon a people who are entirely indifferent towards him."

A few weeks since, says the Boston *Journal*, we made the statement that probably ere many months cotton fabrics manufactured in this country would be offered in England in competition with the productions of the English mills. It is a fact that cotton cloth is selling to-day at a lower price per yard in Boston than cloth of the same quality of English manufacture can be purchased in London. Our boot and shoe manufacturers are also keeping a sharp lookout for a foreign market for their productions and Massachusetts made boots and shoes will before many years be worn all over Europe.

The Washington correspondent of the Boston *Journal* says: "The statement put in circulation that General Bristow and Mr. Jewell had made active opposition to the nomination of Chandler has no truthful foundation, and the same is true of the report that he had threatened to dismiss all clerks who had failed to contribute to election funds. The circular was the usual one asking information for the Blue-book, and was issued before Secretary Chandler came into office."

The statement published relative to the loss of two Boston barques and the serving up of the bodies of the crews for food by cannibals is too absurd for the slightest consideration, and the story might well adorn the pages of the Pirate's Own Book; but is rather undesirable reading for those who had friends on board the unfortunate vessels. The barques were undoubtedly lost in a typhoon, and all on board perished from the perils of the sea.

Rear Admiral Winslow, who commanded the Kearsarge when she sunk the Alabama, has for his head-stone in Forest Hills Cemetery at Boston Highlands, a granite bowlder taken from the Kearsarge Mountain, from which the gun boat was named, and the timber of which it was constructed came from the same mountain. The rough stone is suitably inscribed and seems a fitting monument for the dead hero.

The trustfulness in Turkish reforms is so slight that the great Powers are to be called upon by Russia to assist the Porte in keeping the pledges of the Mussulman to the Christians. This is an extremely liberal position toward Turkey for the Russian Government to take, but if the Porte fails after all this liberality the Russians will be justified in a more pronounced policy in favor of the Christians.

Dr. Linderman, Director of the Mint, estimates that, on account of the damage to the Consolidated Virginia and California mines by the Virginia City fire, the supply of gold bullion will be reduced $1,000,000 per month for four months, and the supply of silver bullion $1,500,000 per month for the same length of time.

James Freeman Clarke, of Boston, in his Biblical researches, has discovered the original inflationist. He was the unjust steward who contrived so that a man who owed a hundred measures of oil seemed to pay his debt with fifty.

What does Gen. Butler want a gold mine for? It is only a few days since he thought gold was dead [illegible] a rag factory.

A former tenant of Libby Prison writes thus to a New York paper: I walked down hill to the river, thence went eastwardly about five blocks and came to Libby Prison, my old quarters, which I had not seen since my liberation therefrom October 11, 1862, after more than three months' imprisonment. On the outside it is the same in appearance as then. The old legend, "Libby Prison," painted on a board and nailed on the brick wall at the upper northwest corner, over Captain Wirtz's office, is still fast, and the iron bars at all the windows are also still there. Over the door of my old ward at the east end of the building is a new sign, "Fertilizers for sale,"—bone dust from bones collected from the battle fields, for enriching the worn-out soils of the worn-out aristocracy of Virginia. Could there be anything more in keeping with the spirit that bred the foul rebellion and that projected the horrors of that prison from 1861 to 1865? What terrible memories that old building awakens!—privation, hunger, filth, sickness, suffering and death. I walked around to the south door which fronts the canal and river—the door of the dead room—and recalled the old, sad scene of its portal; how twice a week carts would be driven there to receive the dead and how we were obliged to load the poor boys in like cord wood, each body rolled in an old army blanket, to be carried over the stones to the pauper's burial field. A few feet inside the door is the mouth of the tunnel through which so many of our plucky boys "dug out" in the winter of 1863-64. I also visited Brooks' tobacco warehouse, two blocks west of Libby, and across the street from "Castle Thunder," and found it the same low, dark and dismal-looking building that it was about thirteen years ago when I was thrust behind its iron bars for two or three weeks. It made me almost shudder to remember the scenes of suffering and despair which its dark walls witnessed in those cruel days.

The dinner given to Hon. Alexander Mackenzie, Premier of the Dominion, at St. John, N. B., Friday evening was a splendid affair, and the papers of that city contain extended reports of the very interesting exercises which followed. Among the toasts given were "The President of the United States," and "The Senate and Congress of the United States," the latter being responded to by Hon. James G. Blaine in a very appropriate speech. Hon. Eugene Hale was next called for and spoke briefly. Mr. Mackenzie, in his remarks, alluded to the bond of friendship between the United States and the Dominion and Messrs. Blaine and Hale touched upon the same point, expressing the hope that it would continue in the future as strong as it now is. In its comments on the dinner and the speeches the *Telegraph* says: "The presence of the distinguished gentlemen from the other side of the line gave the banquet an international complexion and all circumstances seemed fortunately to combine to make the occasion one of entire enjoyment. * * * Every one was delighted at the speeches delivered by the gentlemen from the United States, who ever find a friendly welcome in this Loyalist city, and who may even see something to admire in St. John."

The epizootic which entailed so much loss and inconvenience in 1872, has been much less disastrous the present season, although prevalent over a considerable portion of the country. The reason probably is that a valuable lesson, concerning prevention as well as treatment, was taught to owners of horses by their experience in 1872, and the progress of the disease has been greatly checked in consequence. A New York physician, in a recently published letter on this subject, states that epizootic is only another name for influenza or a mild form of glanders, which if treated promptly will disappear as rapidly as an ordinary cold if the horse is in a condition to meet the shock to the system. The prime cause of the trouble is that horses are not properly fed and cared for, and are dosed with vile nostrums which are certain demoralization if persisted in. The true remedy is simple and natural; feed properly; see that the stables are ventilated, and let there be no putrid mangers produced by the accumulation of fermented food. A mixed diet is recommended by the best veterinary writers, the English omnibus companies, and the leading horsemen of America. Such men as Bonner and Vanderbilt do not have the epizootic in their stables, for the reason that their horses are properly fed.

Commissioner Smith, of the Indian Bureau, says the Indians whom the press despatches report as defeating our troops from Fort Hayes, are a band of between 75 and 100 Cheyennes who nearly a year ago were declared outlaws both by the Bureau Agents and the military, and have since been roaming at large all the way from Indian Territory to the Red Cloud Agency. They surrendered to the military last spring and were placed upon the Cheyenne agency, but ran off one morning and regaining a quantity of fire arms which they had secreted before they surrendered fought the troops from behind the sandbanks all day and made good their escape at night. They have proved themselves hard fighters, and the Commissioner considers it of great importance that they should now be thoroughly whipped.

POLITICAL AND PERSONAL.

Walter T. Baker, who was lately announced as being on the point of departing for England, confident of bringing back Charlie Ross, did not go. He seems to have indulged in a little speculation to sell news to a Philadelphia paper.

Baron Rothschild, who recently arrived in this country, is in Chicago.

Miss Braddon is still thinking of coming to this country on a reading tour.

The Philadelphia *Press* pithily asks: "Why is it that Democratic journals show such extreme sensitives when a strong word is spoken in defence of free schools."

Governor Joe Hawley declares, through the Hartford *Courant*, that the Ohio election has very thoroughly cleared the field of available Democratic candidates for the Presidency, it having killed off Sam Tilden and Bill Allen at one swoop. The General believes that Senator Bayard's chances for the Democratic nomination are the best at the present time.—*Cincinnati Gazette*.

The Springfield *Republican* has got around to the conclusion that is better to elect Rice than Gaston next Tuesday. "The hope of reform from and through Mr. Gaston," it says, "has not been realized. It was entirely in his power to create sufficient reasons for his re-election; he hasn't done it. His candidature represents nothing but the Democratic party. Its success would be morally certain to be understood outside the State and to have a mischievous effect upon the worse elements of the Democracy everywhere. With our present lights, we can't see how or where it is going to pay."

Senator Bayard is making a Southern tour with an eye to 1876. He [illegible] Hendricks.

MAINE NEWS.

A HEAVY GALE.

Reports from Various Localities.

VESSELS DRIVEN ASHORE.

Effect of the Blow at Portland.

PORTLAND, Oct 31. The storm was very severe here Saturday night. The house of Mr Reed in Deering, nearly completed, was blown down, signs, awnings, gas lights, etc., were demolished. In the harbor quite a number of vessels were injured. The schooner Alice, Norwood from Gloucester, was forced against the Grand Trunk wharf and had her bowsprit broken short off. The schooners Henry Clay and Ida May parted their chains and went ashore near the [illegible] wharf, but were pulled off this morning by tugs. The Ida May had her bow stove in and her stern smashed down to the water's edge. The sloop [illegible] ran into the schooner Carrie, carrying off her [illegible], breaking the jib-boom and carrying away the bowsprit. The schooners Elijah and Eagle ran aground. The Ida C. Spofford had her bulwarks damaged by collision with another vessel. The Sea Witch ran into the brig [illegible], taking away her lanyards and main rigging. She ran into two tugs and other schooners before being secured. The Maggie W. Willard collided with the Geo W. Pierce and had her rail badly broken. A number of other schooners, small steamers etc. received injury by chafing against the wharves. No Boston boat went out on account. The Halifax steamer Chase did not sail until this forenoon. It was the most fearful storm experienced on the coast for years.

Heavy Blow at Saco—An Ellsworth Schooner Wrecked.

SACO, Oct 31. The schooner Marseilles, [illegible], from Boston for Ellsworth, went ashore on Stage Island, inside Wood Island light, about 10 30 last night during the severe gale. She came to anchor inside last Thursday night and during the gale parted one chain, broke the shank of the other anchor and ran ashore on the rocks. She is badly [illegible] with rudder, sternpost and principal part of the keel gone. The sails and rigging will probably be saved but her hull will prove a total loss. She is 150 tons burthen and owned by Captain Remick and others of Ellsworth. She was built at Bucksport in 1840, but was newly topped three years since. Loss $4500, no insurance. The crew were saved. The rise of water here owing to the gale is very great and to-day Pool Island is submerged. The tides are very high, flowing upon the wharves. At midnight the gale was fearful, and one pinnacle of St. Joseph's French Catholic church was blown off.

The Schooner Agnes Ashore at Lincolnville.

PORTLAND, Oct 31. A Rockland special to the Press says the schooner Agnes, of Bangor, French master, was driven ashore at Lincolnville Saturday night. She was from Bangor for Cape Ann, with potatoes and will be got off without much damage.

Effects in Bath.

BATH, Oct 31. A heavy easterly rain, accompanied by a gale prevailed here nearly all last night. Vessels in the river dragged their anchors, and the schooner F. P. Emerson drifted on the flats near [illegible] wharf but got off without damage [illegible] to-day.

In Rockland.

ROCKLAND, Oct 31. The gale was severe here last night, blowing down sign boards etc., but no damage was done to shipping in port. The steamer Cambridge from Bangor for Boston arrived last evening and laid in the harbor till 5 P. M. to-day.

The Schooner Ocean Wrecked—The Amulet Ashore.

GLOUCESTER, Mass., Oct. 31. The schooner Ocean, Capt. Moor, which was [illegible] months off Gloucester and considerably damaged had just been repaired and was ready to sail, when, during the severe gale last night she dragged her anchors and went ashore between Canal and [illegible] Point and will be a total loss. She was bound from Boston to Calais with a general cargo which will be partly saved. The schooner Amulet, Capt. Norwood, from Boston for Trenton, Me., put in here for a harbor and went ashore at about the same place. She lays high and dry, but is not much damaged and can probably be got off.

FROM EASTPORT.

Fisherman Drowned and Vessel Ashore.

EASTPORT, Oct. 31. A son of James Porter of St. Stephens, N. B., standing at the wheel of the schooner Ethel of that place, was knocked overboard while coming into this port and the vessel got ashore on Dog Island.

BOWDOIN COLLEGE.

The Field Day Exercises.

BRUNSWICK, Oct. 30. The students of Bowdoin College observed to-day as field day, on the grounds of the Sagadahoc County Agricultural Society, Topsham. The exercises consisted of a half-mile walking race, which was won by Marrett, time, 4 minutes 30 seconds. The base ball throwing was won by Knight, who threw a ball 289½ feet. The 100 yards dash was won by Alden, time 11 seconds. The half-mile run was won by Cobb in 2 minutes 19 seconds. The two-mile running race was won by Sargent; time 11 minutes 19 seconds. The hurdle race was won by Alden, time, 16 seconds, jumping over six hurdles. The two-mile walk was won by Marrett in 18 minutes 15 seconds. The regatta took place this afternoon. An allowance of 45 seconds was made to Juniors and Sophomores, the distance was 3½ miles. The Seniors made it in 21 minutes 30 seconds, but the Juniors won in 21 minutes [illegible] seconds on the allowance. The race was excellent.

FROM PORTLAND.

Dropped Dead.

PORTLAND, Oct 31. Mrs. Jane Forrest dropped dead to-day of heart disease. She was 62 years old.

A Bold Thief.

A thief snatched a tray of rings valued at $350 from the counter in Carter Bros.' jewelry store, Saturday night, and escaped.

FROM AUGUSTA.

Incendiaries at Work—Reward Offered for the Arrest of the Abductor of the Clapp Girl.

AUGUSTA, Oct. 31. An unsuccessful attempt was made yesterday morning to burn the carriage shop of Thomas & Brann near the railroad bridge. A shop was burned on the same spot last spring. In view of this and other late incendiary fires, the City Government has offered a reward of $500 for the arrest of any "fire bug;" also for information which shall lead to the arrest of the person who abducted the Clapp girl.

DOMESTIC NEWS.

NEW HAMPSHIRE.

The Peterboro' Railroad Debt.

NASHUA, Oct. 30. The stockholders' meeting of the Peterboro' Railroad to-day voted to subscribe $60 000 more stock to cancel the floating debt.

Arrested.

MANCHESTER, Oct. 31. A detective arrested a woman from Goffstown last night for a murderous assault upon young Fling Friday night. She will be tried to-morrow for assault with intent to kill.

CONNECTICUT.

The National Life and Trust Company vs. Stedman the Insurance Commissioner.

NEW HAVEN, Oct. 30. In the case of the American National Life and Trust Company of this city, against John W. Stedman, Insurance Commissioner of the State, Chief Justice Park and Judge Foster decided this morning that the company was deficient in its assets, required by law to the amount of $[illegible],000. This is a substantial victory for the company, as thirty days are allowed by law for the deficiency to be made up. The Directors this morning passed the necessary vote to make good the deficiency, and the company will continue business as usual. The company have fought the Insurance Commissioner for a year, he having tried in all legal ways to get possession of the company's assets in order to wind up its affairs.

NEW YORK CITY.

Tweed Suit.

NEW YORK, Oct. 30. Wheeler H. Peckham, the representative of Attorney-General Pratt in the suit against the Tammany Ring, has notified Field and Deyo, the attorneys for Tweed, that notwithstanding the amended answer of their client in the six million suit served on Peckham Friday, the case will be pressed for trial next Monday. Field and Deyo have served on Peckham a notice of motion returnable the third Monday of November in the Supreme Court, for the discharge of the order of arrest granted against Tweed in the one million suit against him.

The Trouble in Fulton's Church.

Another turbulent meeting at the Hanson Place Baptist church, Brooklyn, last night resulted in the entire defeat of the scheme of Fulton. A report against a member because he is a journalist was laid over and a new committee appointed. The committee to investigate the conduct of the deacons was dissolved and a meeting was called for next Thursday night by the deacons when grave charges will undoubtedly be formally presented against Mr. Fulton as a minister. During the meeting Fulton's friends created great disturbance, indulged in gross personalities and at one time it was thought police aid would be needed.

NEW YORK STATE.

Five Inches of Snow.

SYRACUSE, Oct 31. A severe snow storm prevailed in this city through the entire day. At least five inches of snow fell.

WASHINGTON.

Spain and the United States.

WASHINGTON, Oct 30. A Madrid telegram of yesterday, saying on the authority of the Epoca that the Spanish Cabinet recently discussed the reply to the Washington note, doubtless refers to the summary of an unsettled question between Spain and the United States submitted by Minister Cushing, but involving no new points of controversy.

Discussion of the Reply.

WASHINGTON, Oct. 31. The discussion of the Spanish Cabinet's reply to what is called in the late Madrid telegram the Washington note, has reference to the unsettled questions between the two countries, the statement of them being free from the verbiage of correspondence and presented in a comparatively brief memorandum.

Secretary Chandler.

CINCINNATI, O., Oct. 31. The Commercial's Detroit special says the Post, in which Secretary Chandler has a large interest, speaking evidently by authority, says there is not the slightest indication and there has never been any indication that any member of the Cabinet is dissatisfied with Mr. Chandler's appointment. On the contrary all the indications are that the appointment was and is approved by the entire Cabinet. Stories that Secretary Bristow and Postmaster-General Jewell, in particular, are dissatisfied are unfounded and ridiculous.

THE INDIANS.

A Reported Fight.

ST. LOUIS, Oct. 30. The Republican's Kansas City special says: "News of a startling nature was received in this city yesterday of a fight which took place Tuesday between the United States troops near Fort Hayes and a wandering band of Cheyenne Indians. The troops were driven back with a loss of two men killed. Fresh troops were forwarded from the fort and a despatch received to-night states that these fresh troops were attacked by the Indians while camped near Smoky Hill River, on Thursday, and the Indians were again successful and drove back the soldiers, who lost another man killed and one badly wounded. Gen Carr's command has left Fort Hayes by special train for the seat of war."

KENTUCKY.

A Heavy Storm.

LOUISVILLE, Oct 30. A severe storm passed over this city last evening, unroofing a number of houses and doing considerable damage. There was no loss of life.

ILLINOIS.

A $30,000 Fire.

CHICAGO, Oct 30. A two-story brick building on Madison street, occupied as a carriage wheel factory and mill furnishing establishment, was burned this morning. Loss $30,000.

IOWA.

A Female Lawyer Admitted to Practice in the United States Courts.

DES MOINES, Oct 30. Snow has fallen to the depth of one inch.

Mrs. Eudina Haddock of Iowa City was yesterday admitted to practice in the United States Circuit and District Courts of the city. She is the first female lawyer ever admitted to the Federal Courts in the United States.

Railroads To Be Sold.

Judge Dillon, of the U. S. Obituary.

The hearts of many were saddened Saturday afternoon upon hearing of the death of Mr. Davis, landlord of the Franklin House. Mr. Davis had been sick for two weeks past, ever since the incendiary fires in his house. A few days before the first fire he was troubled with lameness, and it became so serious that he was obliged to use crutches, and upon hearing the alarm of fire given Thursday, he dropped his crutches and ran to the room, thereby injuring himself quite seriously. The next day he was so ill that he was confined to his bed, and was troubled with several complaints, principally the disease of the liver. He was unconscious during a great part of his sickness, only occasionally recognizing his friends. It is believed that the fires worked upon his mind to such an extent as to hasten his death. He leaves a wife and two children at home, and other children who are married and living in comfortable homes. Mr. Davis was in his sixty-fourth year. He was formerly a resident of Portland, where he had been landlord of the Commercial House and later of the [illegible], and he has been connected with the Franklin House for [illegible]. SUPREME JUDICIAL COURT

(OCTOBER TERM.)

HON. JOHN A. PETERS, Justice Presiding.
EZRA C. BRETT, Esq., Clerk.
RUEL SMITH, Esq., Stenographer.

Thursday, Oct 28. Wm. A. Frye vs. Cornelius E. Locke & al. Action of assumpsit to recover for services and money paid at defendant's agent in purchasing potatoes in 1873. Balance claimed $310. After the testimony for plaintiff was closed an offer to be defaulted for $50 and costs was accepted and entered.

Geo. W. Whitney. Sprague.

Nathan P. Hoyt vs. Francis Burgess. Trespass *quare clausum*, alleging that defendant's ox broke into plaintiff's enclosure and assaulted plaintiff, throwing him down and injuring him severely. Plaintiff endeavored to prove that the ox rushed toward him as he was standing by the barnyard bars, threw the bars down, knocked him down and threw a heavy joist upon his leg, breaking one leg and injuring the other. The defendant endeavored to prove that the ox was driven into the barnyard by plaintiff and his family and in trying to capture him the injury occurred by accident. The jury returned a verdict for plaintiff for $22 83.

G. W. Pratt. V. A. & M. Sprague.

Julia A. Ellis vs. Ebenezer S. Ellis. Libel for divorce. Cause, cruel treatment and jealousy, by which his wife was driven from her home. Divorce decreed.

H. J. Preble.

Referring to the intention of ex Gov. Seymour and Francis Kernan to make stump speeches in New York city in favor of the Tammany candidates, the *Herald* used the following plain language:

It is an insult to common sense to ask the citizens of New York to come together and indorse such a municipal administration as we have had since the beginning of the Democratic *regime* in January. What can Governor Seymour say in defence of our municipal Government since it came into Democratic hands? Nothing in praise of his friend Governor Tilden can change the opinion of our citizens that our Democratic city government has been altogether bad. And yet he is called here and Senator Kernan is called here in the hope that their speeches in favor of Governor Tilden may shield the imbecile administration of the city. Our citizens have too much discrimination to vote for the nominees of Mr. John Kelly because Governor Tilden has made war on the Canal Ring. What have the canal exposures to do with the fact that General Porter made over the patronage of his department to Mr. Kelly to be used for political purposes? What bearing has Governor Tilden's reform policy on Mr. Kelly's determination to slaughter Recorder Hackett because Recorder Hackett refused to allow Tammany to appoint the officers of his court? Our citizens have less knowledge of Governor Tilden's State reforms than of the manifest evils of their city government; and while Governor Tilden's motives are open to dispute, they think there is no ground for dispute as to the exceeding badness of the city government.

A DOWN TOWN MERCHANT,

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that MRS. WINSLOW'S SOOTHING SYRUP was just the article needed, procured a supply for the child. On reaching home, and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her has continued to use the Syrup, and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all druggists. 1t nov1

SCHENCK'S PULMONIC SYRUP, FOR THE CURE OF CONSUMPTION, COUGHS AND COLDS.

The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects cure.

SCHENCK'S SEA WEED TONIC, FOR THE CURE OF DYSPEPSIA, INDIGESTION, &c.

The Tonic produces a healthy action of the stomach, creating an appetite, forming chyle, and curing the most obstinate cases of Indigestion.

SCHENCK'S MANDRAKE PILLS, FOR THE CURE OF LIVER COMPLAINT, &c.

These Pills are alterative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver.

These remedies are a certain cure for Consumption, as the Pulmonic Syrup ripens the matter and purifies the blood. The Mandrake Pills act upon the liver, create a healthy bile, and remove all diseases of the liver, often a cause of Consumption. The Sea Weed Tonic gives tone and strength to the stomach, makes a good digestion, and enables the organs to form good blood; and thus creates a healthy circulation of healthy blood. The combined action of these medicines, as thus explained, will cure every case of Consumption, if taken in time, and the use of the medicines persevered in.

No device of man, however skillfully arranged, has been found to compare with Tar (nature's remedy) for cleansing and healing purposes. Catarrh is a *putrid* disease of the mucous membrane, which must be cleansed before it can be healed. "Forest Tar," applied by inhalation, will do this, where all other remedies have failed. When once cleansed and purified the cure will surely follow. Inquire for the "Forest Tar Book," the Solution and the Inhaler. Your druggist will furnish you. d&w1w oc27

IN CANCERS AND TUMORS

the Doctor claims superiority over all physicians of the age, for he never fails to perform a cure when taken in a proper stage.

Dr Chase boldly asserts that he can tell every individual their diseases and location of their pains, and describe their feelings, in almost every case, more minutely than they can possibly themselves. He is also

SEA CAPTAIN CURED

RHEUMATISM.

HE GRINS WITH JOY.

LEXINGTON, Mass., June [illegible]

PROF. ALPHONSE HILLER:

DEAR SIR,—For the benefit of humanity suffering I feel it my duty as well as pleasure to call [illegible] to the following facts in my own case.

The past spring I was sore afflicted with Sciatic Rheumatism, suffering night after night and all night, without the least cessation, the most excruciating pains I ever knew. My doctor who has treated in my family for over thirty years [illegible] entire satisfaction, and in whom I still have the utmost confidence, said that medicine would do me no good—he could not help me, time probably would, and in six or eight weeks it might leave me, in the meantime I must grin and bear it." But I was not disposed to do so and in my desperation I sought [illegible] which under the name of [illegible] or any other remedy [illegible]. It happened that this was the

Diamond Rheumatic Cure

In simple cases sometimes one or two doses suffice. In the most chronic case it is sure to give way by the use of four or five bottles. [illegible]

BEAUTY FOR ASHES.

BY LOUISE CHANDLER MOULTON.

Beauty for ashes thou hast brought me, dear!
A time there was when all my soul lay waste,
As the earth dark before the dawning lies
Whereto the golden feet of morn make haste.

Like morn thou comest, gladness in thine eyes,
And gracious pity through thine ardent mould—
Like rain of summer upon wasted lands,
Thy tender tears refreshed my spirit's drouth.

To-day is calm. Far off the tempest raves
That long ago swept dead upon the shore—
I can forget how those wild billows broke—
Against my hopes and me they break no more.

White butterflies flit shining in the sun—
Red roses burst to bloom upon the tree—
Birds call to birds till the glad day is done,
The day of beauty thou hast brought to me.

Shall I forget, O gentle heart and true,
How thy fair dawn has risen on my night—
Turned dark to day all golden through and through—
From soil of grief won bloom of new delight?
—*Scribner for November.*

SHEEP ON A FARM.—Sheep are undervalued by the mass of land-holders as a means of keeping up the fertility of the soil and putting money into the pockets of the farmers. The moment on beings to talk of sheep husbandry, the listener or reader begins to look for wool quotations, as if the wool is all that yields profit from sheep. One might as well look for wheat quotations alone when there is talk about the profits of farming. Sheep on a farm yield both wool and mutton. They multiply with great rapidity. They are the best of farm scavengers, "cleaning a field" as no other class of animals will. They give back to the farm more in proportion to what they take from it than any other animal, and distribute it better with a view to future fertility of the soil. Prove this? There is no need of proof to those who have kept sheep and knew their habits and profits they yield. To prove it to those who have not had the experience, it is necessary they should try the experiment or accept the testimony of an experienced shepherd.—*New York World.*

THE GREAT REPUTATION

Which VEGETINE has attained in all parts of the country as a

Great and Good Medicine,

and the large number of testimonials which are constantly being received from persons who have been cured by its use, is conclusive proof of its great value. It is recommended by physicians and apothecaries. As a Blood Purifier and Health Restorer, it has no equal.

VEGETINE is not prepared for a fancy drink made from poor liquors, which debilitates the system and tends to destroy health instead of restoring it.

Are not the many testimonials given for the different complaints satisfactory to any reasonable person suffering from disease that they can be cured? Read the different testimonials given, and no one can doubt. In many of these cases the persons say that their pain and suffering cannot be expressed, as in cases of Scrofula, where, apparently, the whole body was one mass of corruption. If VEGETINE will relieve pain, cleanse, purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can be truly called the *Great Blood Purifier.* The great source of disease originates in the blood, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the VEGETINE will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body. The conviction is, in the public mind as well as in the medical profession, that the remedies supplied by the *Vegetable Kingdom* are more safe, more successful, in the cure of disease, than mineral medicines. VEGETINE is composed of roots, barks and herbs. It is pleasant to take, and is perfectly safe to give an infant. Do you need it? Do not hesitate to try it. You will never regret it.

CANNOT BE EXCELLED.

CHARLESTOWN, March 19, 1869

H. R. STEVENS:

Dear Sir—This is to certify that I have used your "Blood Preparation" in my family for several years, and think that, for Scrofula or Cankerous Humors, or Rheumatic Affections, it cannot be excelled, and, as a blood purifier and spring medicine, it is the best thing I have ever used, and I have used almost everything. I can cheerfully recommend it to any one in need of such a medicine.

Yours respectfully,
MRS. A. A. DINSMORE,

WHAT IS NEEDED.

BOSTON, Feb. 13, 1871

HENRY R. STEVENS, Esq.:

Dear Sir—About one year since I found myself in a feeble condition from general debility. VEGETINE was strongly recommended to me by a friend who had been much benefited by its use. I procured the article, and, after using several bottles, was restored to health, and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health.

Respectfully yours, U. L. PETTENGILL,

LIFE IN A PILL-BOX!

PARSONS' PURGATIVE PILLS.

THE

GREAT ANTI-BILIOUS REMEDY.

ONE OR TWO IS A DOSE.
ONLY 25 CTS. A BOX.

IT IS A WELL-KNOWN FACT that a large proportion of diseases begin in the

DERANGEMENT OF THE STOMACH, LIVER AND BOWELS.

The Stomach is the great centre which influences the health or disease of the system, abused by excess,

Indigestion,
Giddiness,
Prostration,

Are the natural result. The Liver becomes affected, hence we have

BILIOUS TROUBLES.

The Bowels are deranged, occasioning

Costiveness,
Diarrhœa,
Dysentery.

A necessity has long been felt by physicians and families for

A SAFE AND RELIABLE ANTI-BILIOUS PILL,

Something that should be safe to administer and could be relied on in all cases where a cathartic was required. To meet this demand,

PARSONS' PURGATIVE PILLS

Were compounded, every property of which has been carefully analyzed by scientific investigation, and are believed to be the

SAFEST, SUREST & MOST RELIABLE FAMILY PILL IN THE WORLD.

PARSONS' PURGATIVE PILLS

Are composed of cathartics used and approved by all medical practitioners. They do not require the patient to take from six to a dozen, as do most others, but one or two of PARSONS' PILLS, taken as directed, are sufficient (except in extreme cases) to cure

Dyspepsia, Nervous Debility,
Headache,
Oppression after Eating,
Piles, Heartburn,
Furred Tongue,
Distention of the Stomach and Bowels,
Dizziness, Sick Headache,
Loss of Appetite,
Pain in the Back or Side,
Inflammation of the Kidneys,
&c., &c.

PARSONS' PURGATIVE PILLS

Are a SAFE, WHOLESOME and NATURAL medicine, and may be relied upon as being the

BEST ANTI-BILIOUS MEDICINE

IN EXISTENCE.

The components of these pills, that are now astonishing everybody, by giving relief in hundreds of cases that have generally been supposed to be incurable, have been used by one of our best physicians in his practice for the last fifty years, with marked success.

IN THE SPRING OF THE YEAR

PARSON'S PURGATIVE PILLS

ARE INDISPENSABLE TO INVIGORATE AND GIVE TONE TO THE SYSTEM.

BY TAKING

PARSONS' PURGATIVE PILLS

The body is imbued with

New Life, Health and Regularity.

The liver and heart will be assisted and strengthened to discharge their functions, and [illegible]. They do not make the weak weaker, but give
